THE COTTON MOVEMENT.

The wheat market shows no important change from last report. Cotton is quiet and unchanged.

THE COTTON MOVEMENT.

The receipts of cotton at all the ports for the past week were 38,831 bales, against 35,153 bales the previous week. The total receipts since September 1, 1871, are 2,638,175 bales, against 3,512,092 for corresponding period of previous year, showing a decrease in the present crop of 974,517 bales. The exports from all the ports for the week were 62,854 bales, against 80,325 same week last year. The total exports for the expired portion of the cotton year are 1,720,757 bales, against 2,531,218 for the same time last year. The stock at all the ports is 304,902 bales, against 64,643 for the same date in 1871.

The imports other than dry goods for the week amounted to 10,400,399.

The imports of dry goods were 3,063,711.

The total imports were, therefore, 13,464,110, the second largest in the history of the port.

THE BANK STATEMENT.

The weekly statement of the associated banks is quite favorable, thanks to the generosity of the "bear" clique, who were kind enough to release their locked-up greenbacks and thereby enable the banks to add an average of about three millions to their line of legal tenders. Had it not been for this, the statement would doubtless have shown a reserve of less than twenty-five per cent, for the reason that the receipts of currency from the interior having been almost wholly national bank notes, the increase of liabilities would have nullified the small surplus of last week. As it is there is a gain in reserve of two millions, against an increase of two millions in liabilities. The banks gain, therefore, nearly one and a half millions in their surplus, which now stands at \$2,302,150. The total averages compare with those of last week as follows:

APRIL 13, 1872. Changes.

Loans—\$274,343,000. Deposits—\$1,303,700.

Specie—\$1,382,400. 18,478,400 Dec. 1, 1870.

Circulation—\$7,987,000. 27,911,500 Dec. 1, 1870.

Deposits—\$1,382,400. 18,478,400 Dec. 1, 1870.

Leg. ten. \$36,828,800. 39,909,300 Dec. 1, 1870.

MONEY MARKET.

The money market at first promised ease, and the early business was at a 7 per cent, but became active towards the close at seven cent. Commercial paper was steady. Foreign exchange was firm and rates unchanged.

GOLD 111 1/4 11 1/4.

The gold market was firmer by an eighth per cent, in view of the large imports of the week and the decrease of specie in the bank statement, the business attenuating on the two figures 11 1/4 and 11 1/4.

The exports of gold were made at four per cent for carrying to flat. The gross clearances were \$35,644,000; the gold balances, \$1,826,696, and the currency balances, \$2,125,227.

The exports of specie from this port for the week and since the beginning of the year were as follows:
